### IT'S SURPRISING

That So Many Paris People Fail To Recognize Kidney Weakness.

Are you a bad back victim? Suffer twinges; headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do.

Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only.

Have convinced Paris people of their merit.

Here's a Paris case; Paris testimony.

Kidney sufferers hereabouts should read it.

Mrs. Chas. McCord, South Pleasant street, Paris, says: "I have used Doan's Kidney Pills on different occasions, getting them from Oberdorfer's Drug Store, and I have found them a splendid medicine. Whenever my kidneys have been irregular in action or when my back has been weak and lame, I have always found that a box or so of Doan's Kidney Pills proves sufficient to cure me of the attack."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCord had. Foster-Milburn Co., Props., Buffalo, N. Y. (adv)

According to one Paris statistician there are just 7,842,356 things a woman can find for her husband to do while he is resting.

### SOUR STOMACH.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.

(adv-june)

Haven't you among your acquaintances in Paris some fellow who believed it when he once heard a woman tell a minister she'd obey.

### CHOLERA MOREUS.

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyeart, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."

### DRAFTING FOR ARMY

Will Be Done in Washington—No Favorites Or Politics To Be Played.

Regulations for drafting the new national army, now awaiting President Wilson's approval, contain provision for every step in the great undertaking except the actual method of the draft itself.

No official announcement has been made and official confirmation is being withheld, but it has been stated and generally is accepted as true that the Federal government itself will do the drafting, probably in Washington, so there will be no opportunity for local favoritisms, political or otherwise.

As the regulations stand now, every registered man bears a number. The numbers will be forwarded to Washington and the drawing will be entirely by number. The identity of the numbered men will be unknown to those in charge of the draft machinery and can be established only by comparing a number with a printed list in the man's home district.

As the numbers are drawn, they will be telegraphed to the home districts where the registered men will learn if they have been drafted.

Then the question of exemptions will come up, and this will go before the local Boards. If a man is exempted the man bearing the number which was drawn next in order will take his place and so on.

In this way all those available for service out of the ten million who registered will be made ready for the country's call, and from them the first increment of 625,000 will be assembled. The others will be called as the need develops as the war goes on. Plenty of time will be given for drafted men to arrange their personal affairs and report to the cantonment camps. It is hoped to have them all in training by September 1 or every soon thereafter.

### NEED OF INSTITUTION FOR CONSUMPTIVES.

The State has institutions for the care of the insane, the feeble minded, and the criminal, but none where her more or less dependent consumptives may go for care and treatment. They either are compelled to remain at home where the danger of contamination is ever present, or go to a county alms house to spread the germs of the disease there. The next Legislature ought by all means to provide for the building of a sanatorium. It will be the best investment possible in the saving of lives and the prevention of a spread of the disease. Insist that the man who you vote for the Legislature is pledged to vote to provide for such an institution.

### WATER FUEL FOR AUTOS.

Recently an inventor attracted considerable attention by claiming to have isolated a certain green chemical the addition of which to water would make a substitute for gasoline in internal combustion engines. Now comes another inventor with a process for utilizing water as an automobile fuel, and his process has the merit that he is willing to explain it, and that his theory at least is apparently well grounded. He points to the well-known fact that water is decomposed into its elements, hydrogen and oxygen, when a current of electricity passes through it. Hydrogen mixed with air is more explosive than gasoline vapor. In his patented device the inventor would convert part of the power generated by the automobile engine into electrical energy, which he would use to decompose water. The hydrogen of the decomposed water he proposes to use to run the engine, securing enough surplus power in the cycle to drive the car.

### THINGS TO WORRY ABOUT.

Maybe some of the experts who are working on war inventions could be persuaded to turn their attention toward perfecting a device that will prevent weeds growing four times as fast as garden truck.—Springfield, O., Sun.

There is such a device, as nearly every one in Paris knows. It consists of vertical spatulate blades of soft steel, ranging in various types from a width of four inches to nine inches, set right angles to a hickory handle, commonly sixty-four or more inches in length. It is spelled "h-o-e."

### SLOAN'S LINIMENT FOR RHEUMATISM.

The pain goes so quickly after you apply Sloan's Liniment for rheumatic pains, neuralgia, toothache, lumbago, sprains, and it is so easy to use. It quickly penetrates and soothes without rubbing and is far cleaner and more effective than musky plasters or ointments.

Keep a bottle in the house and get prompt relief, not only from all nerve-pains, but from bruises, strains, sprains, over-exercise and all external aches. At your druggist, 25c, 50c, \$1.00.

The New Hat. Mrs. De Style—Women are an expensive blessing. Mr. De Style—They are expensive.—Judge.

### "The Five Tires"

## Lower Tire Cost Than Ever—NOW

For, in the old days, tires not only cost motorists more per tire, but were also so far inferior to the present product, that the final cost—the cost per mile—was from 50 to 100 or more per cent. higher than you pay now.

United States Tires—the 'Royal Cord', the 'Nobby', the 'Chain', the 'Usco' and the 'Plain',

—one for every need of price and use,

—produced by the largest rubber manufacturer in the world,

—produced by the most experienced tire manufacturer in the world,

—produced by a time-tried, exclusive, patented, vulcanizing process,

—produced of only the most carefully selected materials,

—have so far eclipsed every other make of tire that

—United States Tires are famous for their mileage-giving qualities—their low cost per mile.

The proof?—the consistent and persistent tremendous sales increases of United States Tires.

### THE POTATO BLESSING.

Riding outside the city, one will not fail to see the wide expanses of potato plants growing luxuriously, and forthwith he indulges in anticipations of the golden plenty that is soon to be the good fortune of our people.

But clouding these anticipations is a dark fear that the speculator will invade these premises and get nearly all these potatoes into his own hands and by some sort of restriction or limitations so work the prospects that he will be able to keep up the price and gather in the profits.

It would be a decided advantage to the public welfare if it could be so decreed that no producer should sell to a mere speculator. There is no oppression in that. Of course, it might stave off a little inconvenience, but it will pay in the end. Let us hope that the beautiful potato prospects will turn out a public blessing.

### THE EVILS OF CONSTIPATION.

Constipation is one of the main reasons why the average human life is below 40 years. Leaving waste material in the body, poisons the system and blood and makes us liable to sick headaches, biliousness, nervousness and muddy skin. When you note these symptoms, try Dr. King's New Life Pills. They give prompt relief, are mild, non-gripping in action, add tone to your system and clear the complexion. At your druggist, 25c.

### HOT AND COLD BATHS.

When you feel discouraged, nervous, tired, worried or dependent it is a sure sign you need MOTT'S NERVE PILLS. They renew the normal vigor and make life worth living. Be sure and ask for Mott's Nerve Pills by druggist. WILLIAMS MFG. CO., Props., Cleveland, Ohio. OBERDORFER, The Druggist.

### HOW MINNESOTA HELPS THE RED CROSS.

These notes are from the Press Bulletin Number 10 of the General Federation of Women's Clubs:

The Minnesota Federation has worked out a unique method of assisting the Red Cross, by a "State Purchasing Committee," which buys materials, has garments cut by ma-

chinery according to Red Cross specifications, and sends these materials, together with sample finished garments to small communities where the Red Cross has no chapter. It has also printed thousands of cheap slips with specifications for knitting, for comfort bags, for "Box No. 2" and "Box No. 8," covering the directions and cost of articles that can be made away from Red Cross headquarters.

## OPPORTUNITY!

Mr. R. F. Clendenin, Associate General Agent for the Northwestern Mutual Life Insurance Company, in one day recently, sold \$100,000 worth of life insurance over local and long distance lines of the Home Telephone Company and because of such an amount of business accumulated in one day, he divides the honors with us for the efficient telephone service rendered. This is a splendid record for both Telephone and Insurance Companies.

Mr. Clendenin says: "The service I get from your Company is all that I could ask, and on the closing day of my campaign I used it with wonderful success."

Such an opportunity in facilitating business should be grasped by the public in general in employing co-operation, efficiency and confidence.
